Roswell Cares Service League's Volunteer Event Details

March 23th - Easter After Dark Event

We are thrilled to announce that thanks to Ashley DeSalvo Putnam, we have secured an exciting fundraising opportunity to support our charitable initiatives and service projects. We have been granted the chance to host a table at an upcoming event where we will be selling Bobo Balloons. This fundraiser has the potential to greatly benefit our cause, but we will need assistance in transporting the balloons to the event.

Event Details:

As a reminder, the event is March 23rd from 6-9PM at the New Green Space and Veterans Memorial Lawn in front of the Smyrna Community Center and Smyrna Library. Vendors are expected to stay the entire length of the event, failure to do so will lead to rejection from future events. Since the space is new, we do not have an updated map, when you arrive, staff will show you to your assigned space.

Vendor Details:

Vendors who require power will be placed near power boxes, those who do not require power, will more than likely be stationed in the grass. We will have lighting around the event, but please feel free to bring your own lights (battery powered always make things easier). Vendors are required to bring their own tables, tent, tent weights, and anything else required for your booth to be a success. If you forget something, please let a staff member know, more than likely we have extra supplies in the Community Center.

The egg hunts will take place on the lawn closest to the Community Center. The movie will be facing Veterans Memorial Lawn. Vendors will be set-up around Veterans Memorial Lawn and in-between the 2 lawns along the pathways.

Parking:

There are a few different available parking locations for vendors and staff. The easiest place for vendors to park will be at the Smyrna Library (100 Village Green Circle, Smyrna, GA 30080). There is a paved path for vendors to move equipment across and head straight to the

greenspace. Additionally, we do have parking near the Community Center, however, it is not as direct as the library parking lot.

Event timeline:

Vendor Promotions and Social Media Highlights:

If vendors have any promotional flyers or pictures, please send those my way! We have been highlighting our Easter After Dark vendors through social media. If you are not following our social media account, check them out! FB: Smyrna Parks and Recreation // Instagram: @smyrnaparks_

Please feel free to share this on your social media and marketing platforms to promote that you will be at the event. If anyone asks, the event itself is free, however, it is \$10 per person for the egg hunts.

We extend our heartfelt gratitude to Ashley for providing us with this wonderful opportunity to raise funds for our important work. Thank you, Ashley, for your generosity and support!

April 12-13th Tallulah Falls Tour and visit to the State Office

Our Roswell Club will be embarking on a special trip to Tallulah Falls School. This excursion is designed to enhance our understanding of our organization and its history. During the trip, members will have the unique opportunity to tour the school and visit the State office, gaining valuable knowledge of the history of GFWC Georgia.

One of the highlights of the trip will be a hands-on environment project in the President's garden. Members will be actively involved in preparing the garden for the placement of Kim Sekulow's name plate on

the President's wall of honor. This project not only serves as a meaningful contribution to our club's environment initiatives but also allows members to spend time with each other.

Stay tuned for more details and get your gardening tools and gloves out of the garage!

Our goal: help keep this "Grand lady" of Tallulah Falls looking beautiful...

The historic Lipscomb Cottage was built around 1909-10 and served Tallulah Falls School for nearly 100 years until it was repurposed into the state headquarters for the GFWC-Georgia. Today it contains photos, scrapbooks, period furniture and memorabilia from past to present. Help us in our efforts to keep this wonderful structure looking magnificent for her next 100 years.
